

Outlaw Truck and Tractor Pulling Association
www.outlawpulling.com

DATE: 11/12/11

TO: OTTPA Members

Dear Pullers,

The Outlaws have closed another season of pulling and it has been a great season for all of us. Our calendar was full and we traveled many miles again this year, but along the way we all had a great season. I would like to congratulate all the yearend winners for a job well done. I again this year take my hats off to you all for committing to this organization of ours. I have been informed that ITPA will be having a board meeting on Friday, November 18th at 7:00 pm following the OTTPA meeting. Please have a safe harvest and also a safe journey to the annual Outlaw banquet.

Keep Pulling!

Lori J. Bauer

OTTPA TECH

I would like to thank everyone for their cooperation this summer during the fast pulling season. It does not seem that we should be done with summer and part way through fall, but the calendar goes forward. I would also like to invite all of the rules man to join me on Friday, November 18th at 3:00 pm at the convention meeting room to discuss the past and future of each class, I would also like to have the board present to address any issues from the past or present. If unable to attend please send someone to represent the class. If any puller has an issue, or suggestions for next year, or wants a rule changed please forward them to me so that I can present them to the rules man and the board to discuss.

I was recently informed that SFI has made a rule change on neck and head restraints. All head and neck restraints need to be recertified by the original manufacture every 5 years from original manufacturing date. This rule will go into effect January 2012, for more information on this you can go to SFI's website. After the convention I will try to get everyone the updated rules and changes for the upcoming year.

I am looking forward to seeing all of the rules man and board members on Friday, November 18th at 3:00 pm and the rest of you at the convention. Please have a safe harvest and fall and will see you in Omaha.

Thanks, Tom Kauffman, OTTPA Tech
